**Point to Ponder:** 'Father's Day is the opportunity to reflect more deeply on the meaning of fatherhood. Fatherhood is relational. It is a lived state of being, a reality and one that is a lifelong responsibility. The joy of fatherhood is one that encompasses a broad spectrum of individuals who earn the job title of father, whether it be biological, adoptive, foster, step, spiritual or the often under-appreciated calling of father-in-law! Fathers, as Pope Francis consistently stated, play an essential and irreplaceable role in families. So, whether spiritual or physical, men are called to fatherhood, discovering across a lifetime that the word is a job description not an honorary title. Although we might like to see ourselves as a super hero dad, our children tend to prefer something more profound and real: that they are loved.' (Deacon Roger Carr-Jones).

**Most services are livestreamed on our YouTube channel (Uxbridge Parish). If you sit in the front or come up for Communion, you may appear: please let us know if you have concerns.**
