**Point to Ponder:** 'At the heart of the Christian understanding of the human person lies the great biblical affirmation that men and women are created in the image and likeness of the Triune God. Created for relationship, every human person is planned and willed by God to enter into communion with him, with others and with creation. Human dignity does not depend on a person's abilities, wealth or position in life, nor on the right or wrong choices made; instead, it is a gift that precedes and transcends each person, endowed by God as an expression of his unfailing love.' (Leo XIV in his recent Encyclical, *Magnifica Humanitatis*)
